Product Description:

Our Eco Solvent Ink is formulated to be durable, with a lifespan of one and a half years. This means that your prints will last for a long time without fading or losing their vibrancy. Whether you're printing banners, posters, or other promotional materials, you can be sure that your prints will stand the test of time.

We understand that when it comes to printing, you need to be sure that the ink you're using is of the highest quality. That's why we offer a sample of our Eco Solvent Ink, so you can try it out for yourself and see the results for yourself. We're confident that you'll be impressed with the quality and performance of our ink.

All of our Eco Solvent Ink is brand new and in its original condition, so you can be sure that you're getting a reliable and high-quality product. We know that you don't want to compromise on quality when it comes to your printing needs, and we're here to ensure that you don't have to.

One of the great things about our Eco Solvent Ink is its fast drying time. This means that you can print large quantities of materials without having to wait around for the ink to dry. This is especially important for businesses and individuals who need to produce a lot of materials in a short amount of time.

In summary, our Eco Solvent Ink is the perfect solution for your printing needs. It's eco-friendly, durable, and available in a range of vibrant colors. You can try it out for yourself with our sample, and be confident that you're getting a reliable and high-quality product. So why wait? Order your Eco Solvent Ink today and start producing high-quality prints that will last for years to come!

Applications:

One of the key benefits of using Tucai Eco Solvent Ink is its durability. With a lifespan of one and a half years, this ink is ideal for long-term printing applications. It is also original and new, ensuring that you get the best possible performance from your printer. The ink is available in four different colors: BK, CY, MG, and YL. This makes it a versatile choice for a range of printing applications, from posters and banners to vehicle graphics and outdoor signage.

Tucai Eco Solvent Ink is specifically designed for use with certain printhead models, including the Seiko 1024, Konica 512i, and Starlight 1024. This ensures that you get optimal results from your printer and ink combination.

At 5L, the ink volume is generous, making it a cost-effective choice for high-volume printing applications. And with a delivery time of just 27 days, you can rest assured that you'll have your ink when you need it.

Some of the occasions and scenarios where Tucai Eco Solvent Ink is particularly well-suited include:

Outdoor signage, thanks to the ink's durability and resistance to fading

Vehicle graphics, where the ink's ability to adhere to a range of surfaces is particularly important

Posters, banners, and other large-format printing applications, where the ink's vibrant colors are sure to make an impact

High-volume printing applications, where the cost-effectiveness of the ink's large volume really shines

No matter what your printing needs may be, Tucai Eco Solvent Ink is an excellent choice for environmentally-friendly, high-quality printing.
